

Social Pyramid Class Project

As you know, the Egyptians created a social structure to keep order and stability in their civilization. They categorized people into six groups. Some groups were very powerful, very wealthy and much respected. Others were not. You were pretty much born into the social class that your family was in and very rarely did people "move up" the pyramid.

Task:

Your group has been assigned the category of: _____

You must FOLLOW these steps:

1. Review the text in ch 9 on your group section.
2. Share your three to five facts. List the BEST ones here. Make sure you ONLY record facts that are general and not "exceptions to the rule."

3. Design your pyramid piece! You must have:

- Three facts clearly listed (DO NOT BE CONFUSING!)
- One picture or symbol that represents your group
- One quote that you make up that your group members would probably say
- Must be in color!
